

## Knutsford Town Council Meeting

**4th July—7pm**

**Jubilee Hall, Stanley Road.**

**A period of time is set aside for public participation**

## Councillor Surgeries

**Knutsford Library**      **Saturday 2nd July (10am—12 noon)**  
**Saturday 6th August (10am—12 noon)**  
**Just come along, no appointment necessary !!!**

I am pleased to have been chosen to chair the Council for this municipal year and hope that together with my colleagues, we will be proud of what we can achieved for Knutsford. However being the Mayor is not just about chairing the Council, it is about so much more. The Mayor is the Town's ambassador and I will make sure that I sell this Town and all it has to offer at every opportunity whenever I am out and about at Civic Events in neighbouring towns and parishes or further afield.

I believe the Town Mayor should be the link between the Council and the myriad of organisations and societies that exist within the town; the schools, churches, business and charitable institutions, the sports clubs, societies and youth groups.

So I say to our churches and faith groups invite me to join you in your Sunday services or special days of prayer.

To our schools invite me to attend your special assemblies, your sports days and your drama productions; remember this Town's schools have helped to produce world-class sports stars and leading lights on the West End stage. Or just ask me in to explain to your students the role of the Mayor and how the Council works.

To our businesses I say invite me in to show me what you make and do and explain to me how the Town Council can help your company grow. To small business; especially those in the Town Centre I say join the Knutsford Forum and see how much more you can achieve working together.

To the community groups I promise to come along to support you in all your efforts: I will help to plant seeds, pick up litter, stand in the wind and rain with a collecting tin or bake a cake for a coffee morning.

However the whole Town Council needs to make sure we are engaging with the people at large, to understand their concerns and appreciate their aspirations. As Leader for the next 12 months it is my role to head-up that programme of public engagement.

I also want to encourage more people to engage with the Town Council and I want to look at ways of improving and expanding our communications; particularly looking at our website and our meeting arrangements to allow greater public participation.

I am looking forward to the year ahead and all the challenges that we will face as a Council.

**Cllr Stewart Gardiner ,  
Town Mayor 2011-12**
