		Encroachment of Highway at Lane End, Legh Road	CEC Highways	Originally logged as an enforcement issue. Advised that the hedge (which shields a fence) is not a breach of planning, but the fence will be if the hedge is removed. Hedge has been planted on highway verge. Visibility splays were measured but we have been advised the junction is of a similar nature to many other historic junctions across the borough so currently not much can be done.	N/A
