

EVENTS COMMITTEE OUSTANDING MATTERS LOG

OCTOBER 2023

Date Created	Minute Ref	Outstanding Action / Matter	Responsible	Notes	Target Date
26/06/2023	E23/009	Exploration of alternative locations for Crib Service	Civic Events Officer	<p>Following the meeting this was discussed with the former Events Manager. It was noted the 2021 event (which was the last time it was held) was challenging due to a contractor issue which meant there was an inadequate PA system employed.</p> <p>It is noted that it is desirous for the crib to be on clear public display and that the service has always been non-denominational. It is also recognised that the crib needs to be part of the crib service. The crib is a large item which is not easily moveable. It would therefore be challenging to find an alternative outdoor location where the event is still centred around the crib.</p> <p>It is suggested that the event be held in its usual location and that this be reviewed at the next committee meeting (18th Dec).</p>	18/12/2023
